## Philosophy of Casting

Roles are granted on a merit basis. Seniority and past experience are taken into consideration, but are not determining factors of who will be cast. We are looking for projection, diction and creativity.

- 1) Slate: In your biggest voice, give your name, audition number and grade
- 2) Prepare a few dialogue enclosed in the audition package.
- 3) Sing your audition song segment. Try to memorize it and feel free to move and act it out while singing.
